

Moving Forward 2024 Sponsorship Opportunities

The Parkinson Association of Alabama (PAA) is a 501(c)(3) non-profit organization dedicated to serving the more than 16,000 people currently living with Parkinson's disease in Alabama.

In 2024, the PAA will host 3 events to provide valuable education and statewide support for those living with Parkinson's disease, their caregivers, and families - *Moving Forward 2024*. Leaders and advocates from across the state will come together to offer their expertise and support for the PD community at these informative, inspiring and FREE events.

Our marquee event took place on March 8 in Birmingham and was a great success, with over 220 people in attendance. In order to expand our reach across Alabama and bring these important resources and connections to those who cannot easily access our larger event in Birmingham, we will also host *Moving Forward 2024: Central Alabama* and *Moving Forward 2024: South Alabama* this fall. The target audience at these events will be patients, families, physicians, consumers, and caregivers.

We hope you will consider being a part of our mission to help those impacted by PD in Alabama by being a sponsor for these events.
